### What's your restaurant's niche/specialty?

At Premier Furniture, we are committed to quality and excellent service for the restaurant industry. Whether you are remodeling, redecorating or starting a new build, we pride ourselves on a high level of stylish hospitality seating, tables and booths. Our recent projects have included lounges, convention halls, luxurious hotels, a variety of restaurants, bars, golf courses, ski resorts and even churches.

### Why is the MRA important to your business?

The MRA is important to our company because we are always interested in Michigan networking. They continue to keep us informed of new trends in the restaurant industry and help us get to know those people within the industry. The MRA has been part of our family for 10 years and we appreciate their dedication to helping us become a successful company.
